There are no new materials (PowerPoint) given in Week 13.

Quiz 2: In Week 13, you will need to prepare for and take a 40-question 75-minute Moodle multiple choice Moodle quiz. This quiz covers all the materials in Week 6 through Week 12 inclusive, *including materials in the Assignments, 3, 4, 5, and 6.* (Assignment 3 was set in Week 5 but completed in Week 7 and was not on Quiz 1) The sample quiz and mini-quiz questions throughout the period are representative and could re-appear although not necessarily. Quiz 2 is closed book. Do not refer to any material, or persons. *There will be extremely serious consequences if you collude.* Remember start the quiz at least 75 minutes before the close time. If you start later, the quiz will automatically close at the close time and automatically submit any open submissions.
