Final

Comprehensive covering all materials. 25 multiple-choice questions and 4 questions that require short sequences of code (C, OpenMP, MPI, and CUDA). This is a closed book test. Do not refer to any materials except those directly supplied with the test.

The format of the final will be modeled on the paper tests posted but using multiple choice questions and questions that require answers to be typed in (Moodle essay questions). So review the posted paper tests.

Arrangements for the Final:

The final is to be taken at the following time:

9:30 am – 12 noon Saturday December 12th, 2015

(It will open 15 minutes early and close 15 minutes late to allow clocks being slightly different.) Once you start the exam, you have 2½ hours to complete it. The final will close automatically at the close time and automatically submit any open submissions. Make sure you have good Internet connection and a quiet private location. Do not refer to any materials not supplied with the test or persons. The Code of Student Academic Integrity applies.
