

ECGR 4101/5101 Quiz 11 - 11/12/08

- 1) Name 1pt
- 2) write the structure of our communication queue's, using C code (the names do not have to match, but the concepts do). 7pts
- 3) What works best with this queue-based model: polling or interrupts? 2pts

Answer

2) typedef struct {

char Data [QUEUE_SIZE];

int head;

int tail;

int size;

} queue;

3) interrupt
