

# Quiz 16

## Solution

1) Name (1pt)

2) If this shows the typical time

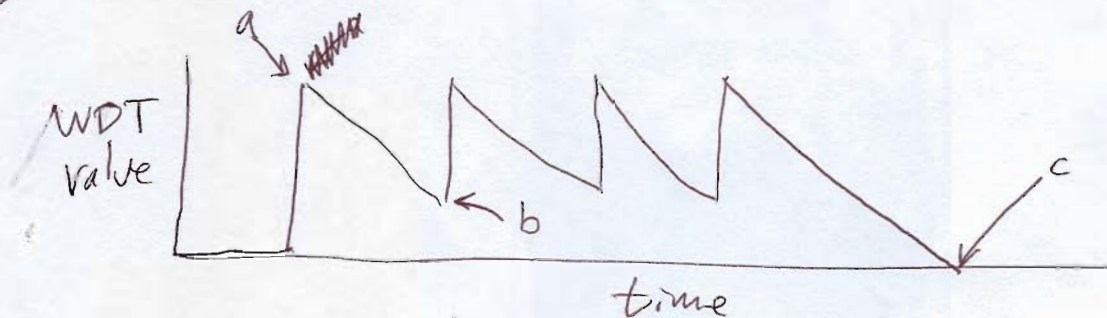

How much time is taken in software development

For:

<u>33%</u>	Planning
<u>17%</u>	Coding
<u>25%</u>	Component testing
<u>25%</u>	System testing

3) Consider this chart:

- What is this a chart of? watch dog timer values
  - what happened at "a"? watch dog started
  - what happened at "b"? watch dog value reset
  - what happened at "c"? System reset (restarted)
- due to WDT time out
