UNC Charlotte, Department of Electrical and Computer Engineering
ECGR 4101/5101, Fall 2016, Homework #3 (20 points)

Assignment should be turned in as a hardcopy during class. If you do not type, print NEATLY!!!

1. Examine the C programming notes from Lecture 5-7, especially about the voice recorder. (remember the algorithm) Assume I add a "backward" button. Copy all of the code from the slides and show where you need to modify the code to allow the backward button to work (note – this means a doubly-linked list. Hint – you will need to write a new function). (16 points).

2. Book problem 4.14 (2 points)

3. Book problem 6.3 (2 points)
