

EC6R4161/5196 - Lecture  
Lab 1 - What you learned

- \* Robots are cool
- \* lots of mechanics involved
- \* Can do a lot (with kit)
- \* Software is simple → NX/C
- \* Material → plastic "fall apart"
- \* Sensors - important
- \* Actuators - easy to use
- \* Control

"Ready made"  
Utilities

"Scratch"
